The chairman opened the meeting at 7:00 pm. He appointed David Willcox to sit for Laura Brockett. Then he asked if there were any changes needed in the May minutes. None were offered. Mark moved that they be adopted as written. Walter seconded the motion and it was adopted.

The Commission approved an invoice from LandVest in the amount of \$1,423.41. It covered several subjects including the bridge project, deed research relating to the r-o-w behind the Wagon Wheel Restaurant and preparation of the baseline documentation related to the Parker easement.

The Commission also received a check for \$40.56 from LandVest. It was the final installment of stumpage payments related to the Farrar Farm timber harvest.

A brief discussion of the bridge project then took place and, at 7:30 the Commission received a briefing – by Zoom - on the potential value of a carbon credit contract from Tommie Elder of BlueSource.

There being no further business, the meeting was concluded by general consent at 8:55 pm.

Respectfully submitted
